

INCL-1

Post comments date is gross. Do something!

**Actual:**

**Expected:**

A good looking comment date (like the one on the Feed)

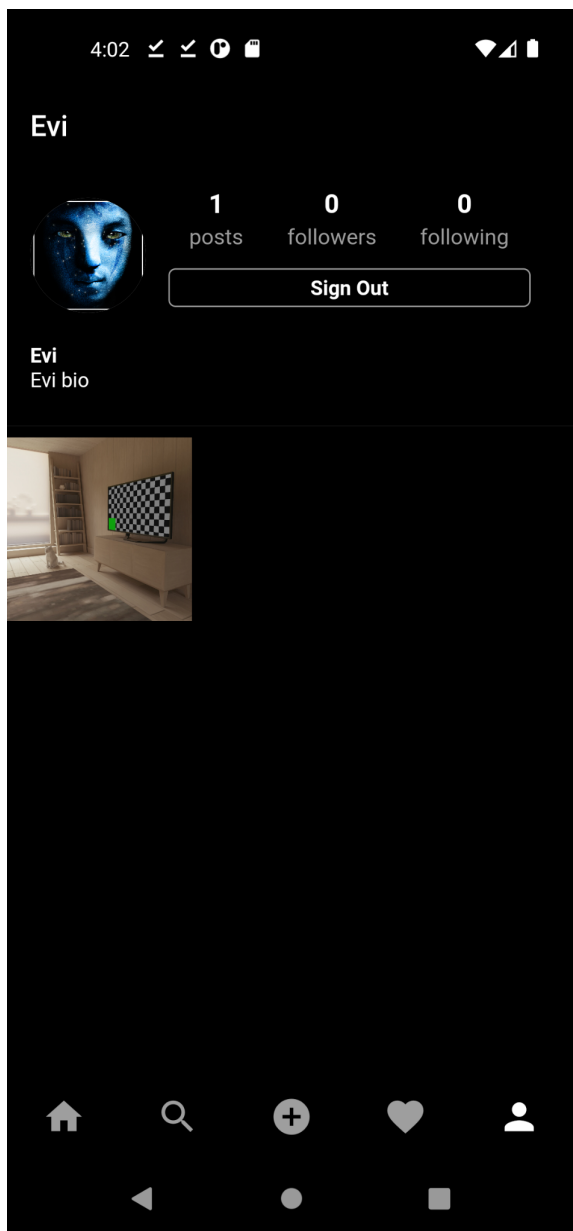

## INCL-2

“Likes” screen is not implemented. We don’t have designs yet, let’s just show “Nothing here” in the center of the screen for now.

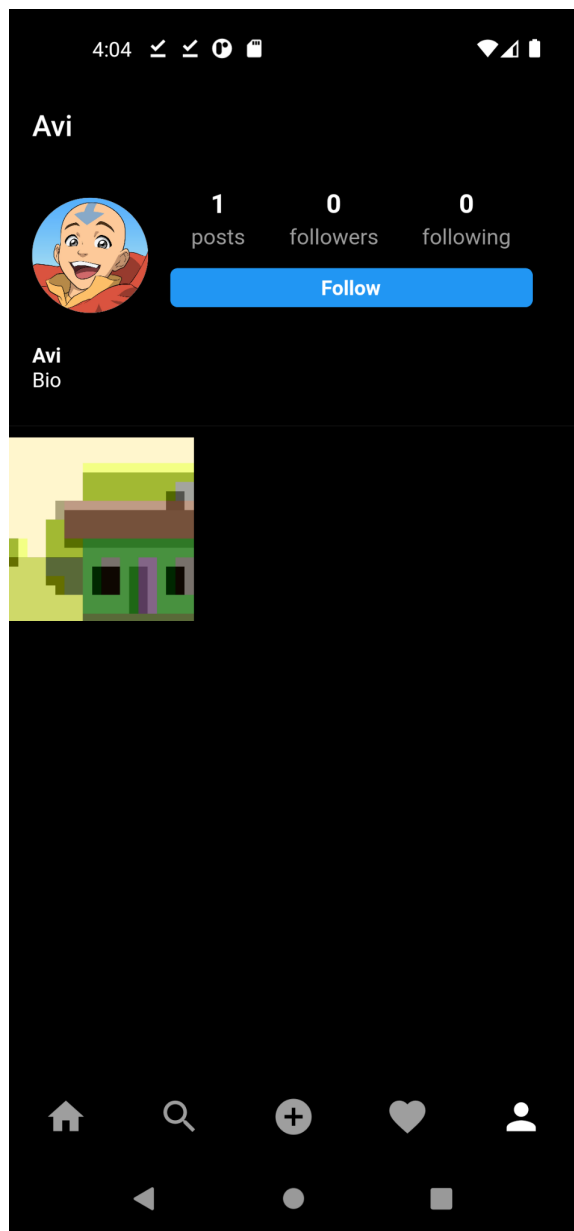

INCL-3

Profile tab shows previous user when you log out and log in with another user.

Expected Behavior:

Actual Behavior:

INCL-4

Capitalize "Comment as <User>" on the comments screen
